Acting Chief, [REDACTED]

Security Violation 3 July 1951

25X1A9a

1. After careful investigation this office is convinced that all due precautions were exercised by the employees concerned in subject case and that their failure to detect the insecure safe drawer must have been due to a temporary mechanical obstruction of some kind. They have been admonished by the Division Chief, and precautions have been established for future securing of the safe in question.

2. It is recommended that no further penalty be imposed for this violation.
